Sub: -Training of Teachers on School Health Programme in the Monthly Sharing Meeting.

Madam/Sir,

You are very much aware that health of the school children is a matter of concern for everybody. Mostly children suffering from anaemia would tend to be drop outs or can never achieve quality learning. With a view to addressing this issue of anaemia **Iron & Folic Acid supplementation** is being administrated under School Health Programme. In this regard the requisite Training Module, I.E.C. materials would be reached to you. And some district level officials have been trained to impart further training on cascade mode down the line. While holding monthly sharing meeting, you are requested to incorporate this subject i.e. administration of WIFS & IFSO for better understanding of teachers and full success of the programme.

You are requested to personally look into it and provide feed back from time to time.

Yours faithfully,

 5/4/13

Commissioner-cum-Secretary to Govt.
