Sub:- Precautionary measures to be taken in the Mid-Day Meal after post cyclone and flood hit situations.

Madam/Sir,

As you know, several districts of Odisha have been severely affected both by cyclone "PHAILIN" and later on by flood. Because of consecutive natural calamities, not only school buildings but also MDM has become a casualty. In view of this, the following necessary steps need to be taken for effective implementation of MDM across the state in the post PHAILIN period.

1. The water sources are to be sanitised and disinfected before use.
2. The MDM quality protocol earlier communicated may be strictly followed.

There cannot be any laxity in the supervision during preparation and consumption of MDM.

Yours faithfully,

State Nodal Officer (MDM &
Ex-Officio Joint Secretary to Govt.
