Bhubaneswar, dated the 25 January, 2016

To

All Collectors.

**Sub: LPG connection to Schools for Mid-Day Meal Cooking.**

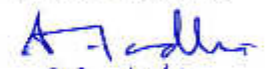

Madam/Sir,

You are well aware that most of the schools cook Mid-Day Meal using fuel wood which is neither environment friendly nor energy efficient. Therefore, Government has decided to switch over to LPG based cooking in a phased manner.

Details regarding allocation, modalities of installation charges, submission of application and submission of KYC form, tagging to the local dealer, training of Cook-cum-Helper, safety measures etc. have been communicated to you and District Education Officer vide office letter No.1560 dated 14.10.2014, letter No.1596 dated 15.10.2015 and letter No.1684 dated 28.10.2015 of S&ME Department.

However, there has not been much progress in this regard. This may be reviewed at your end and it should be ensured that LPG based cooking is made functional in the selected schools by March, 2016.

Yours faithfully,

  
22-1-16  
Chief Secretary,  
Odisha
